

HARDWOOD TECHNICAL SPECIFICATIONS

STYLISH, MADE-TO-MEASURE SOLUTIONS

HARDWOOD INTRODUCTION

The Hardwood range combines an MDF frame with hardwood shutter panels. The main features of the range are that it combines a robust MDF frame with the lightness of hardwood panels.

Aesthetics:

The shutters panels are manufactured in a mix of hardwoods all with a linear grain ideal for painted shutters giving a flat and uniform finish.

Frames and Panels:

Large range of frames available.

Stiles:

Please note the stiles are manufactured in a flat stile. The engineered stiles are reinforced by using multiple layers of wood bonded together ensuring that the panel does not twist or warp.

Louvres:

Hardwood is available in 47mm, 63mm, 76mm, 89mm, elliptical louvres.

Special Shapes:

No special shapes are available.

Colour palette:

There are a total of 6 shades of white available.

HARDWOOD COLOURS

COLOURS

Please note. Colours may vary slightly between dye lots. Shutters for the same installation should be ordered together to avoid variations in colour. Colours may vary slightly from colour samples. For this reason, colour samples should be updated annually.

When adding to an existing installation please note on the order card to either use existing dye lot or if you prefer an exact match then you will need to supply a sample from the existing installation and note the order card to this effect. Please note this will be charged as a custom colour.

COLOUR OPTIONS

HARDWOOD PAINT OPTIONS (6 COLOURS)				
Colour ID	Colour Name		Default Hinge Colour	Optional Hinge Colour
001	Pure White		White	1. White 2. Pearl 3. Bisque 4. Antique-Brass 5. Bright-Bass 6. Stainless 7. Black 8. Nickle-Plated 9. Brushed Nickle-Plated
