

# PERMAWOOD TECHINICAL SPECIFICATIONS

STYLISH, MADE-TO-MEASURE SOLUTIONS

# PERMAWOOD INTRODUCTION

The PermaWood range is manufactured from ABS (a hard, lightweight plastic) and is ideally suited to bathrooms and wet rooms or rooms that have condensation or humidity issues as it is 100% waterproof.

## **Material Features and Benefits of the painted range of PermaWood shutters:**

### **Aesthetics:**

Extremely hardwearing and waterproof the Java shutter is also suitable for high traffic areas and is often used in commercial installations. ABS is a hardwearing and lightweight plastic that is easily moulded. This means that unlike lesser vinyl products in the market the profiles of the frames are far more refined. In addition ABS is far more robust than vinyl ensuring that it will cope far better in daily use.

### **Frames and Panels:**

Large range of frames available.

### **Stiles:**

Please note the stiles are manufactured in a beaded stile.

### **Louvres:**

It is available in 47mm, 63mm, 76mm, 89mm, 114mm elliptical louvres.

### **Special Shapes:**

Linear and curved special shapes are available.

### **Colour palette:**

There are a total of 6 shades of white available.

## COLOURS

Please note. Colours may vary slightly between dye lots. Shutters for the same installation should be ordered together to avoid variations in colour. Colours may vary slightly from colour samples. For this reason, colour samples should be updated annually.

## COLOUR OPTIONS

JAVA PAINT OPTIONS (28 COLOURS)				
Colour ID	Colour Name		Default Hinge Colour	Optional Hinge Colour
001	Pure White		Stainless Steel	No other colour hinge available with Java
003	Silk White			
004	Bright White			
006	Pearl			
011	Cameo			
013	Bisque			

Due to the nature of material manufacturing, colours may vary slightly between dye lots. Please order shutters for the same home at the same time. Slight variations may also occur between the finished products and the colour swatches you use.
